### Inclement Weather Policy

*When it is raining, snowing, or icing, we can only balance chemicals and empty skimmers. We are not able to brush and vacuum.*

We at Precision Pools do our absolute best to professionally service your pool and spa on the same day each week. However, in the case of inclement weather or holidays, your day may be adjusted accordingly. Precision Pools is permitted to reschedule your service date at will upon any major obstruction that may cause a delay within a specific route day. Any additional services requested, such as opening, closing, repairs, or additional pool maintenance, will be billed at an hourly rate of \$100. Thank you for trusting Precision Pools to be your maintenance service provider. **Chemicals are an additional cost not included in the maintenance service agreement.**
